

# CityEdge Suspended

Bespoke Suspended Luminaire

CityEdge Suspended

## Overview

Light up your space in style. Delivering excellent uniformity and glare control with minimum energy, CityEdge Suspended is a bespoke Workspace solution combining compliance with high performance in a design led package perfect for the specification market. A range of features means it can meet the most demanding requirements, with optional Organic Response® and integral emergency.

CityEdge Suspended is a bespoke version of our CityEdge recessed solution created to meet the aesthetics of the space it has been designed for. The addition of DALI as standard allows seamless integration and control improving efficiency. All bespoke solutions are subject to commercial approval and applicable MOQs.

If you have a space that requires a change in shape, colour, build or function then get in touch with your [account manager](#) and ask them how we can help you light those challenging spaces, or help complete your lighting design.
