Notes	1 - Must used half spring T (as integration detail E) 2 - Additional support bracket kit required 3 - Additional ceiling integration frame required 4 – T25 only – contact Whitecroft Technical for T15 application 5 – Luminaire to be supported from full height T25/T15 main runners only 6 – Spring T orientation in one plane only 7 - Grid will need setting up specifically for the luminaires 8 - Must be Alugrid-P type ceiling - contact Whitecroft Technical for application 9 - 300x1200 version only - tile (c/w gasket) replacement only 10 - On application - contact Whitecroft Technical Whilst compatibility of fit is assured, it is the responsibility of installer to ensure ceiling structure is suitable for integration and weight bearing load. Secondary suspensions (supplied by others) may be required when taking this into account. Please contact Whitecroft Technical Department for any application not shown Refer to the product webpage for specific part number to fit each ceiling type
