

Command 3 CUBE

WHEN QUALITY MATTERS

Intelligent control is now available for Comfort Surface and Oasis pendant fittings in the form of COM3 CUBE.

Note: For Oasis, the COM3 Cube will replace the existing infil quadrant version.

Features:

- Easy install self contained intelligent luminaire with *digital* technology.
- Command Cube includes all features of Command 3 quadrant – see main catalogue for full functionality.
 - Command 3 incorporates a passive infra red presence detection – enhanced to improve sensitivity to small movements.
 - Command 3 incorporates a regulating photocell to maintain light level, encompassing the contribution from adjacent luminaires or windows.
 - Hand-held controller provides temporary local user over-ride.
 - Programming hand-held controller provides permanent change for setting parameters.

Ordering:

For Intelligent Comfort Surface add suffix **/COM3** to end of part code.

Note: Only available with Cat2 and Low Brightness Louvres.

For intelligent Oasis Pendant luminaires: specify part numbers as per main catalogue.
