

Hibay Series 3

Range Introduction

Release date: January 28th 2002

The Hibay Series 2 will be discontinuing shortly and being replaced by Series 3.

Hibay Series 3 is a direct replacement for Series 2 in the product stack. It is a newly designed product with many features.

Please question every incoming order for series 2 – will they except series 3? Whitecroft will support quotations and roll out programs for Series 2, 3 months after launch of version 3. Spares will be supported in a more long-term manner.
